CLARIFICATION:

Addendum #6, Item 7: Addendum #8, Item 3: The pipe must be manufactured in the U.S.A. The contractor has the option to pick the manufacturer of the pipe, but whichever pipe manufacturer is used, that particular pipe company must furnish (not manufacture) the fittings. Most pipe manufacturers do not make fittings, they purchase from a foundry the majority of time. From the Water Specifications: *Ductile iron pipe and fittings shall be furnished from the same manufacturer.*

Note! this requirement is rescinded, the pipe manufacturer does not have to provide the fittings.
