ADDENDUM #1 BID NO. 21-159-3340

For: ***To provide as needed maintenance, repairs, inspections and washouts for Forsyth County Water Towers for the calendar year 2022.***

This addendum supersedes and supplements all portions of the bidding documents and becomes part of the contract documents for the above-referenced project.

Where any item called for in the specifications or indicated on the drawings is supplemented hereby, the original requirements shall remain in effect.

Where any original item is amended, voided or superseded hereby, the provision of such item not so specifically amended, voided or superseded shall remain in effect.

Questions received and responses (*in italics*) thereto:

1. You show five years of inspections, repairs, and touch ups. What happens if the tanks need full renovation of the coatings? This may be the interior wet, interior dry, or the exterior of the structures?

Answer: If any extensive work, such as full renovation of the coatings, is needed that work would be bid out separately.
