### ADDENDUM #1

#### Bid 21-110-1562

For: Forsyth County Planning and Development Department seeks the provision of objective, third party technical review and analysis of any Conditional Use Permit application submitted for a wireless communication facility. Review will address the accuracy, completeness, applicability, and validity of data submitted by the applicant including review and verification of radio frequency reports, determination of coverage needs and saturation, and recommendations whether a particular application should be approved, disapproved or held pending further information based on Unified Development Code (UDC) 16-2 and other applicable regulations.

This addendum supersedes and supplements all portions of the bidding documents and becomes part of the contract documents for the above-referenced project.

Where any item called for in the specifications or indicated on the drawings is supplemented hereby, the original requirements shall remain in effect.

Where any original item is amended, voided or superseded hereby, the provision of such item not so specifically amended, voided or superseded shall remain in effect.

#### **Response to questions received: *(response in italics)***

1. Under Qualification Requirements call for at least (3) positive recommendations for clients/currently/previously serviced. Are you looking for actual written recommendations or are references with contact information acceptable?  
*Preference would to have written recommendations but we will accept references with contact information to include project name, firm name, when service was provided, contact name, telephone and email.*
