**For: Forsyth County is soliciting proposals from highly qualified firms to provide commissioning services for two (2) Fire Stations. Fire Station Number 9 & Fire Station Number 15.**

This addendum supersedes and supplements all portions of the quote documents and becomes part of the quote documents for the above-referenced project.

Where any item called for in the specifications or indicated on the drawings is supplemented hereby, the original requirements shall remain in effect.

Where any original item is amended, voided, or superseded hereby, the provision of such item not so specifically amended, voided, or superseded shall remain in effect.

#### **Question/Answers (*Italics*)**

1. Per your RFP you require that there be a Registered Roof Observer. HEA has a dedicated envelope team, but do not have an RRO, however we do have someone with a Level 1 Thermal Certification. Would this be enough for us to be able to bid the project to include building envelope commissioning? ***NO***
