ADDENDUM #3

RFP No. 22-133-5211

For: Coal Mountain Park Playground Design and Installation

This addendum supersedes and supplements all portions of the bidding documents and becomes part of the contract documents for the above-referenced project.

Where any item called for in the specifications or indicated on the drawings is supplemented hereby, the original requirements shall remain in effect.

Where any original item is amended, voided or superseded hereby, the provision of such item not so specifically amended, voided or superseded shall remain in effect.

Clarification on Bidder Questions:

- 1. Q: For Requirement 21, can you confirm the \$200,000 budget for the project includes both the inclusive playground and the new surfacing on an existing playground?**
A: Yes.
- 2. Q: Or is Requirement 21 considered an “Optional Add-On”?**
A: Requirement 21 is not Optional for this RFP.
- 3. Q: For Requirement 21, do you want to demo existing rubber down to the subbase?**
A: Yes.
- 4. Q: Can we remove top wear course layer and pour 1 inch of bonded rubber over existing SBR impact layer to create a new cap?**
A: No. Poured in place has pulled away from the edges.
- 5. Q: Our estimates for Field 1 and 2 Playground surface area were approximately 2,200 sqft. Do you have similar estimates?**
A: Addendum #2, Q7 states it is approximately 2,110 sqft.

6. **Q: Regarding #16 – This indicates that the posts MUST be 5". Our posts come in various sizes and while ours do not come in 5" , they meet all of the requirements from #13 and #14. Would ours be considered since we meet all of the guidelines? We have been in business for over 50 years and have sold thousands of playgrounds...many of which are in Georgia in many various parks, schools, etc. Is this a hard requirement that the posts MUST be 5" or are you flexible on this as long as the guidelines in #13 and #14 are met?**
A: *We can evaluate it.*
7. **Q: Regarding #19- In the RFP it says 6' concrete curb.....Should this say 6 " (meaning 6 inches rather than 6 feet?). Are you looking for a 6" high x 6" deep curb?**
A: *Yes, but please review Addendum #1, Q1 for clarification on this requirement.*
8. **Q: Regarding #19- Do you have a preference on the exact location of the entry points near the rectangular playground (F)?**
A: *There are gates there.*
9. **Q: Regarding #21-is this section included in the 4200 SF or is this section in addition to that?**
A: *This section is in addition to the 4200 SF playground surface.*
